- Benefits of AI Tools
- How to use AI in Teaching?
- Best AI Tools for Effective and Smart Teaching

What AI Can Do For Teachers?

- **Content Creation**
- **PPT making**
- **Video making and Editing**
- **Data Analysis**
- **Conducting Researches**
- **Gamified Content**

Benefits of AI for Students

- ✓ Automate Educational Activities
- ✓ 24x7 access to Learning
- ✓ Better Engagement
- ✓ Less Pressure
- ✓ Support for Students with AI tutor
- ✓ Education for Students with Special needs

Challenges of AI in Education

PREPARING TEACHERS

UNEQUAL ACCESS TO TECHNOLOGY

DIFFICULTY INTEGRATING AI TOOLS

LACK OF CLEAR AI STRATEGY

LACK OF SKILLS

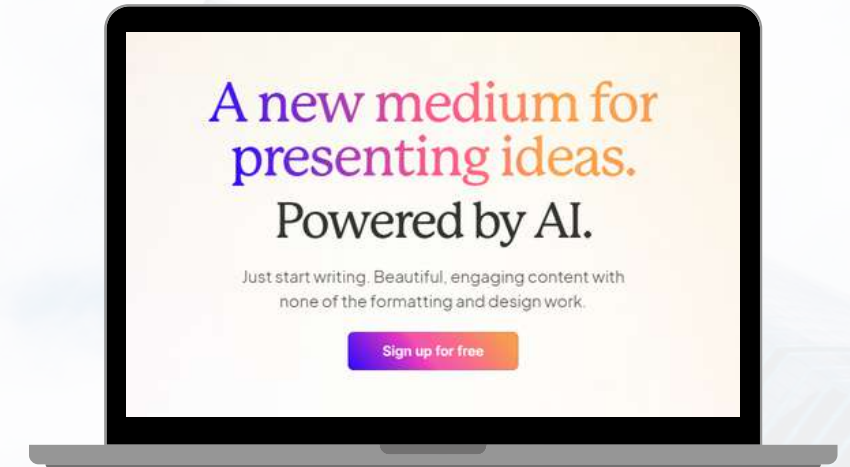

LACK OF TECHNICAL INFRASTRUCTURE

Are Aliens Real?

Since the earliest times, humans have looked up at the stars and wondered about the existence of life beyond Earth. Today, this question is more important than ever, as we continue to search for answers to one of the greatest mysteries of the universe.

Implications of Alien Life

1 Philosophical Questions

The discovery of life beyond Earth would challenge our understanding of the meaning and uniqueness of humankind.

2 Theological Considerations

The existence of extraterrestrial life could force a revision of religious beliefs.

3 Societal Impact

The discovery of alien life could have a profound effect on culture, politics, and the economy.

Historical Sightings

Crop Circles

The often-debated formations in crops have been attributed to alien intelligence by some.

Roswell Incident

In 1947, a supposed UFO crash in New Mexico led to claims of a government cover-up of extraterrestrial life.

Ancient Beliefs

Throughout history, many cultures have told stories of being visited or aided by beings from the heavens.

Building A Mars Colony

A new home for humanity

Challenges and solutions

Problems

- Mars has limited resources such as water, food, and material, which need to be monitored and supplied for future settlement.
- There are risks of radiation, dust storms and other hazards that can be faced on our journey to the Red Planet.

Solutions

- Reusing resources is key to preserving them. This can be done through water and air filters, composting, and renewable energy.
- Colonies will need to use shields or other protection methods to reduce the effects of solar radiation.

"The sky is not the limit, it is only the beginning."

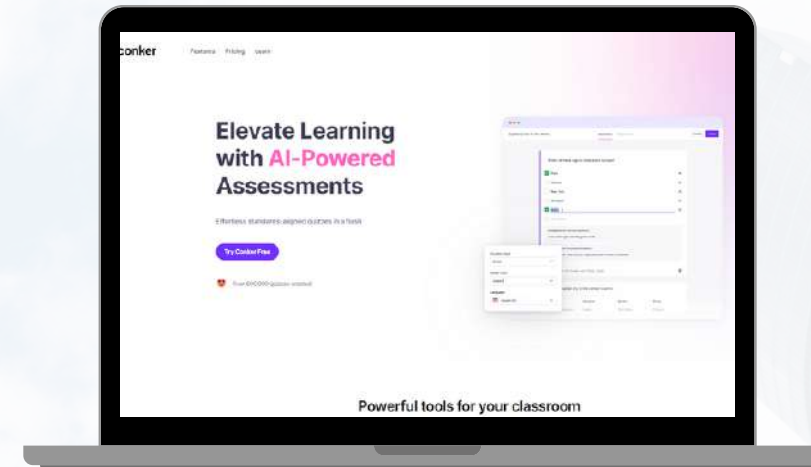

Conker AI

It's an AI-based tool that can help Teachers create quizzes using AI

Visit "Conker.ai" to start creating amazing PPTs

Quizzes using AI

Check Scores of Students

Create and Share Quizzes

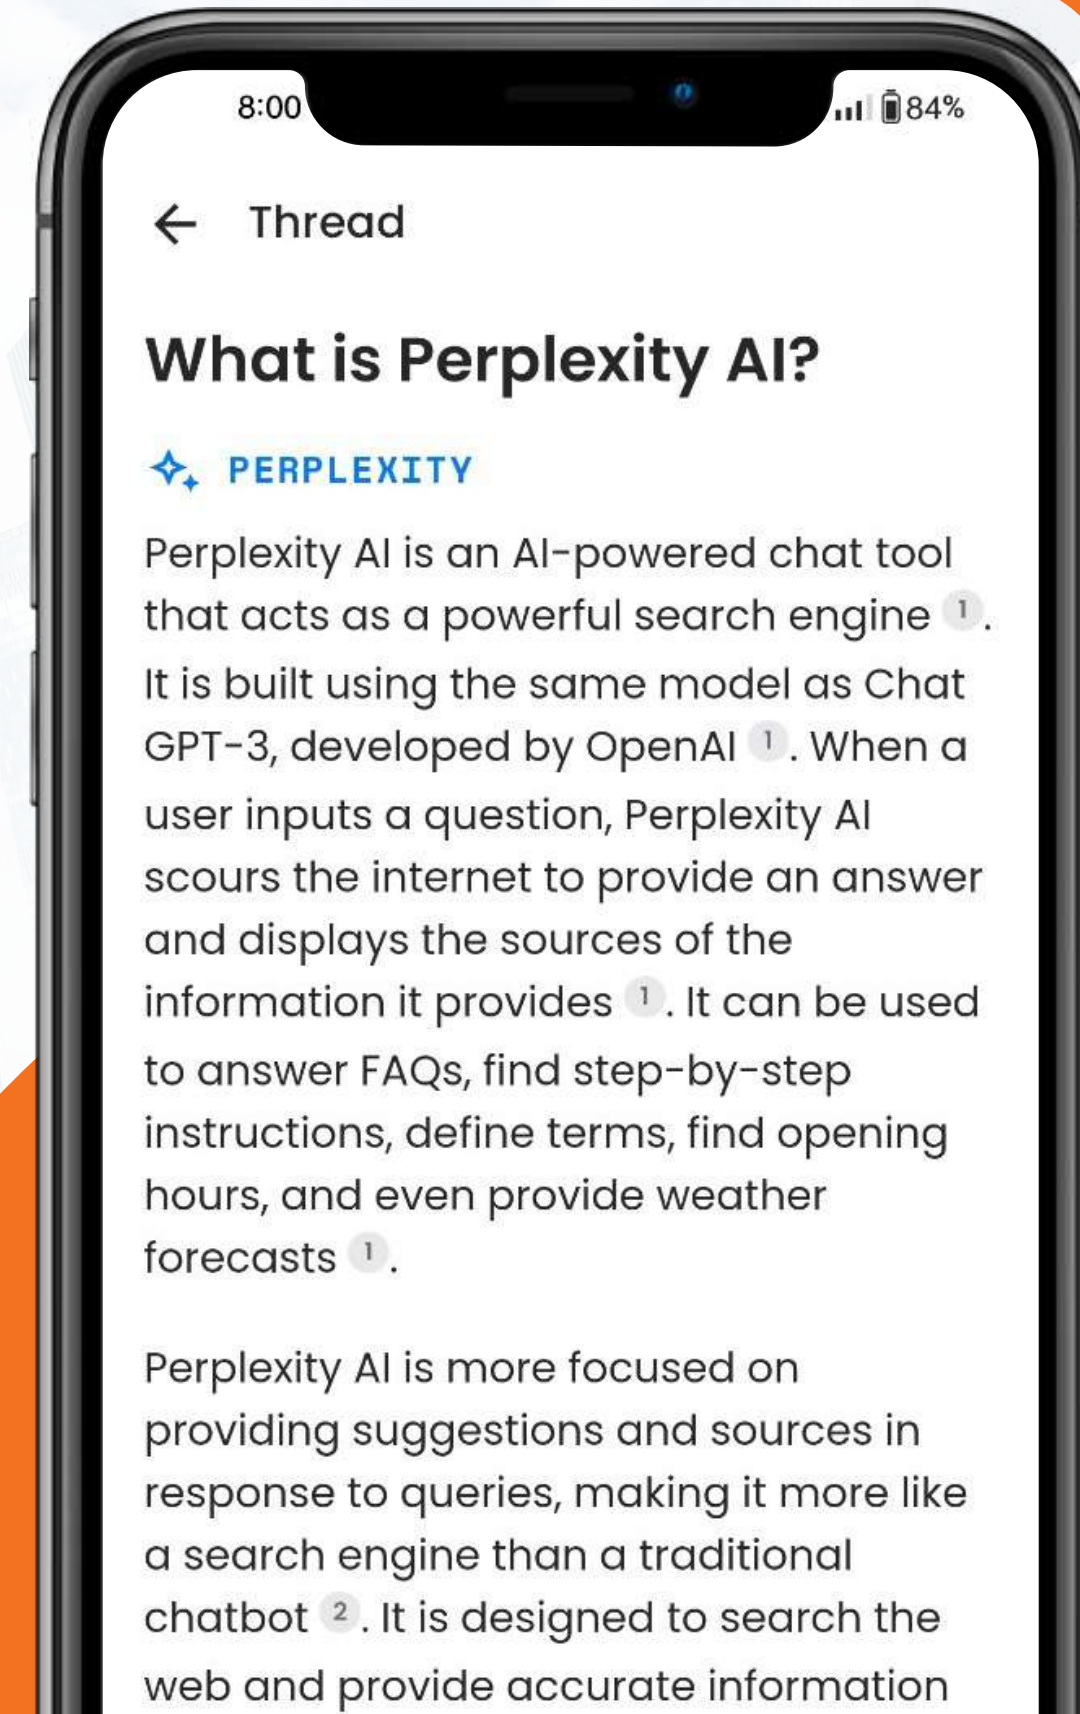

Export to Google Forms

PERPLEXITY AI

Whether you're a Student OR a Teacher, Perplexity AI can make your research work process more manageable.

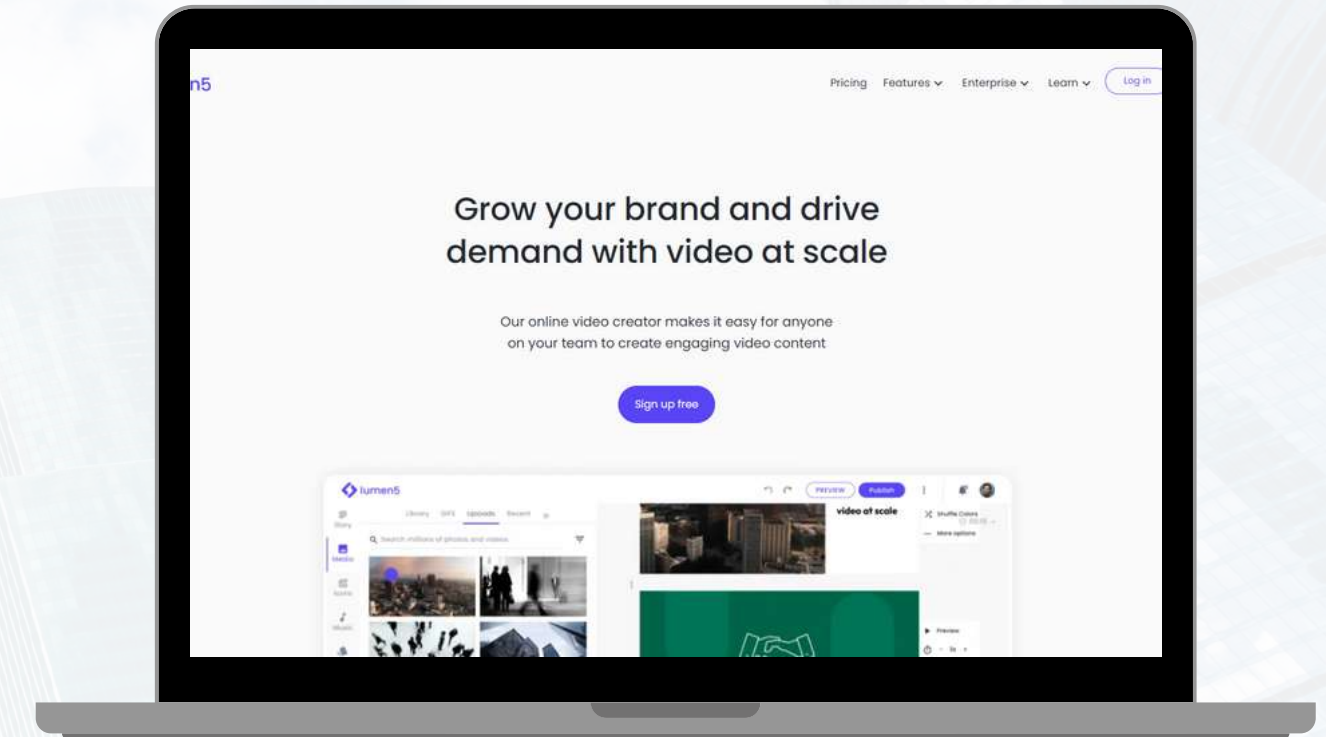

- ✓ Research any topic
- ✓ Mathematical calculations
- ✓ Coding assistance
- ✓ Design marketing strategies
- ✓ Fact checking

Lumen5

Lumen5.com is an AI-powered video creation tool that can help Teachers create engaging and interactive videos easily

Visit **Lumen5.com** and Try Yourself

Invideo.io

Invideo offers an AI-driven video creation platform tailored for Educators to create Educational YouTube Videos.

Animated YouTube Shorts

Create Explanation Videos

Convert Text to Video

Add Voice overs

ChatGPT

ChatGPT is an AI Tool that can help teachers generate lesson plans quickly and easily.

Activity suggestion for engaging classroom activities

Create Suggestion based Topics

Assign a Role of any Subject Teacher

Plan Content for any subject

Visit “Globaltalentgro.com/teachers” for Free Prompts

How Does ChatGPT Work?

BAD PROMPT

Give me a good Lesson Plan on Behavioural sciences.

GOOD PROMPT

I'm a Teacher who teaches {Psychology} in a School/College.

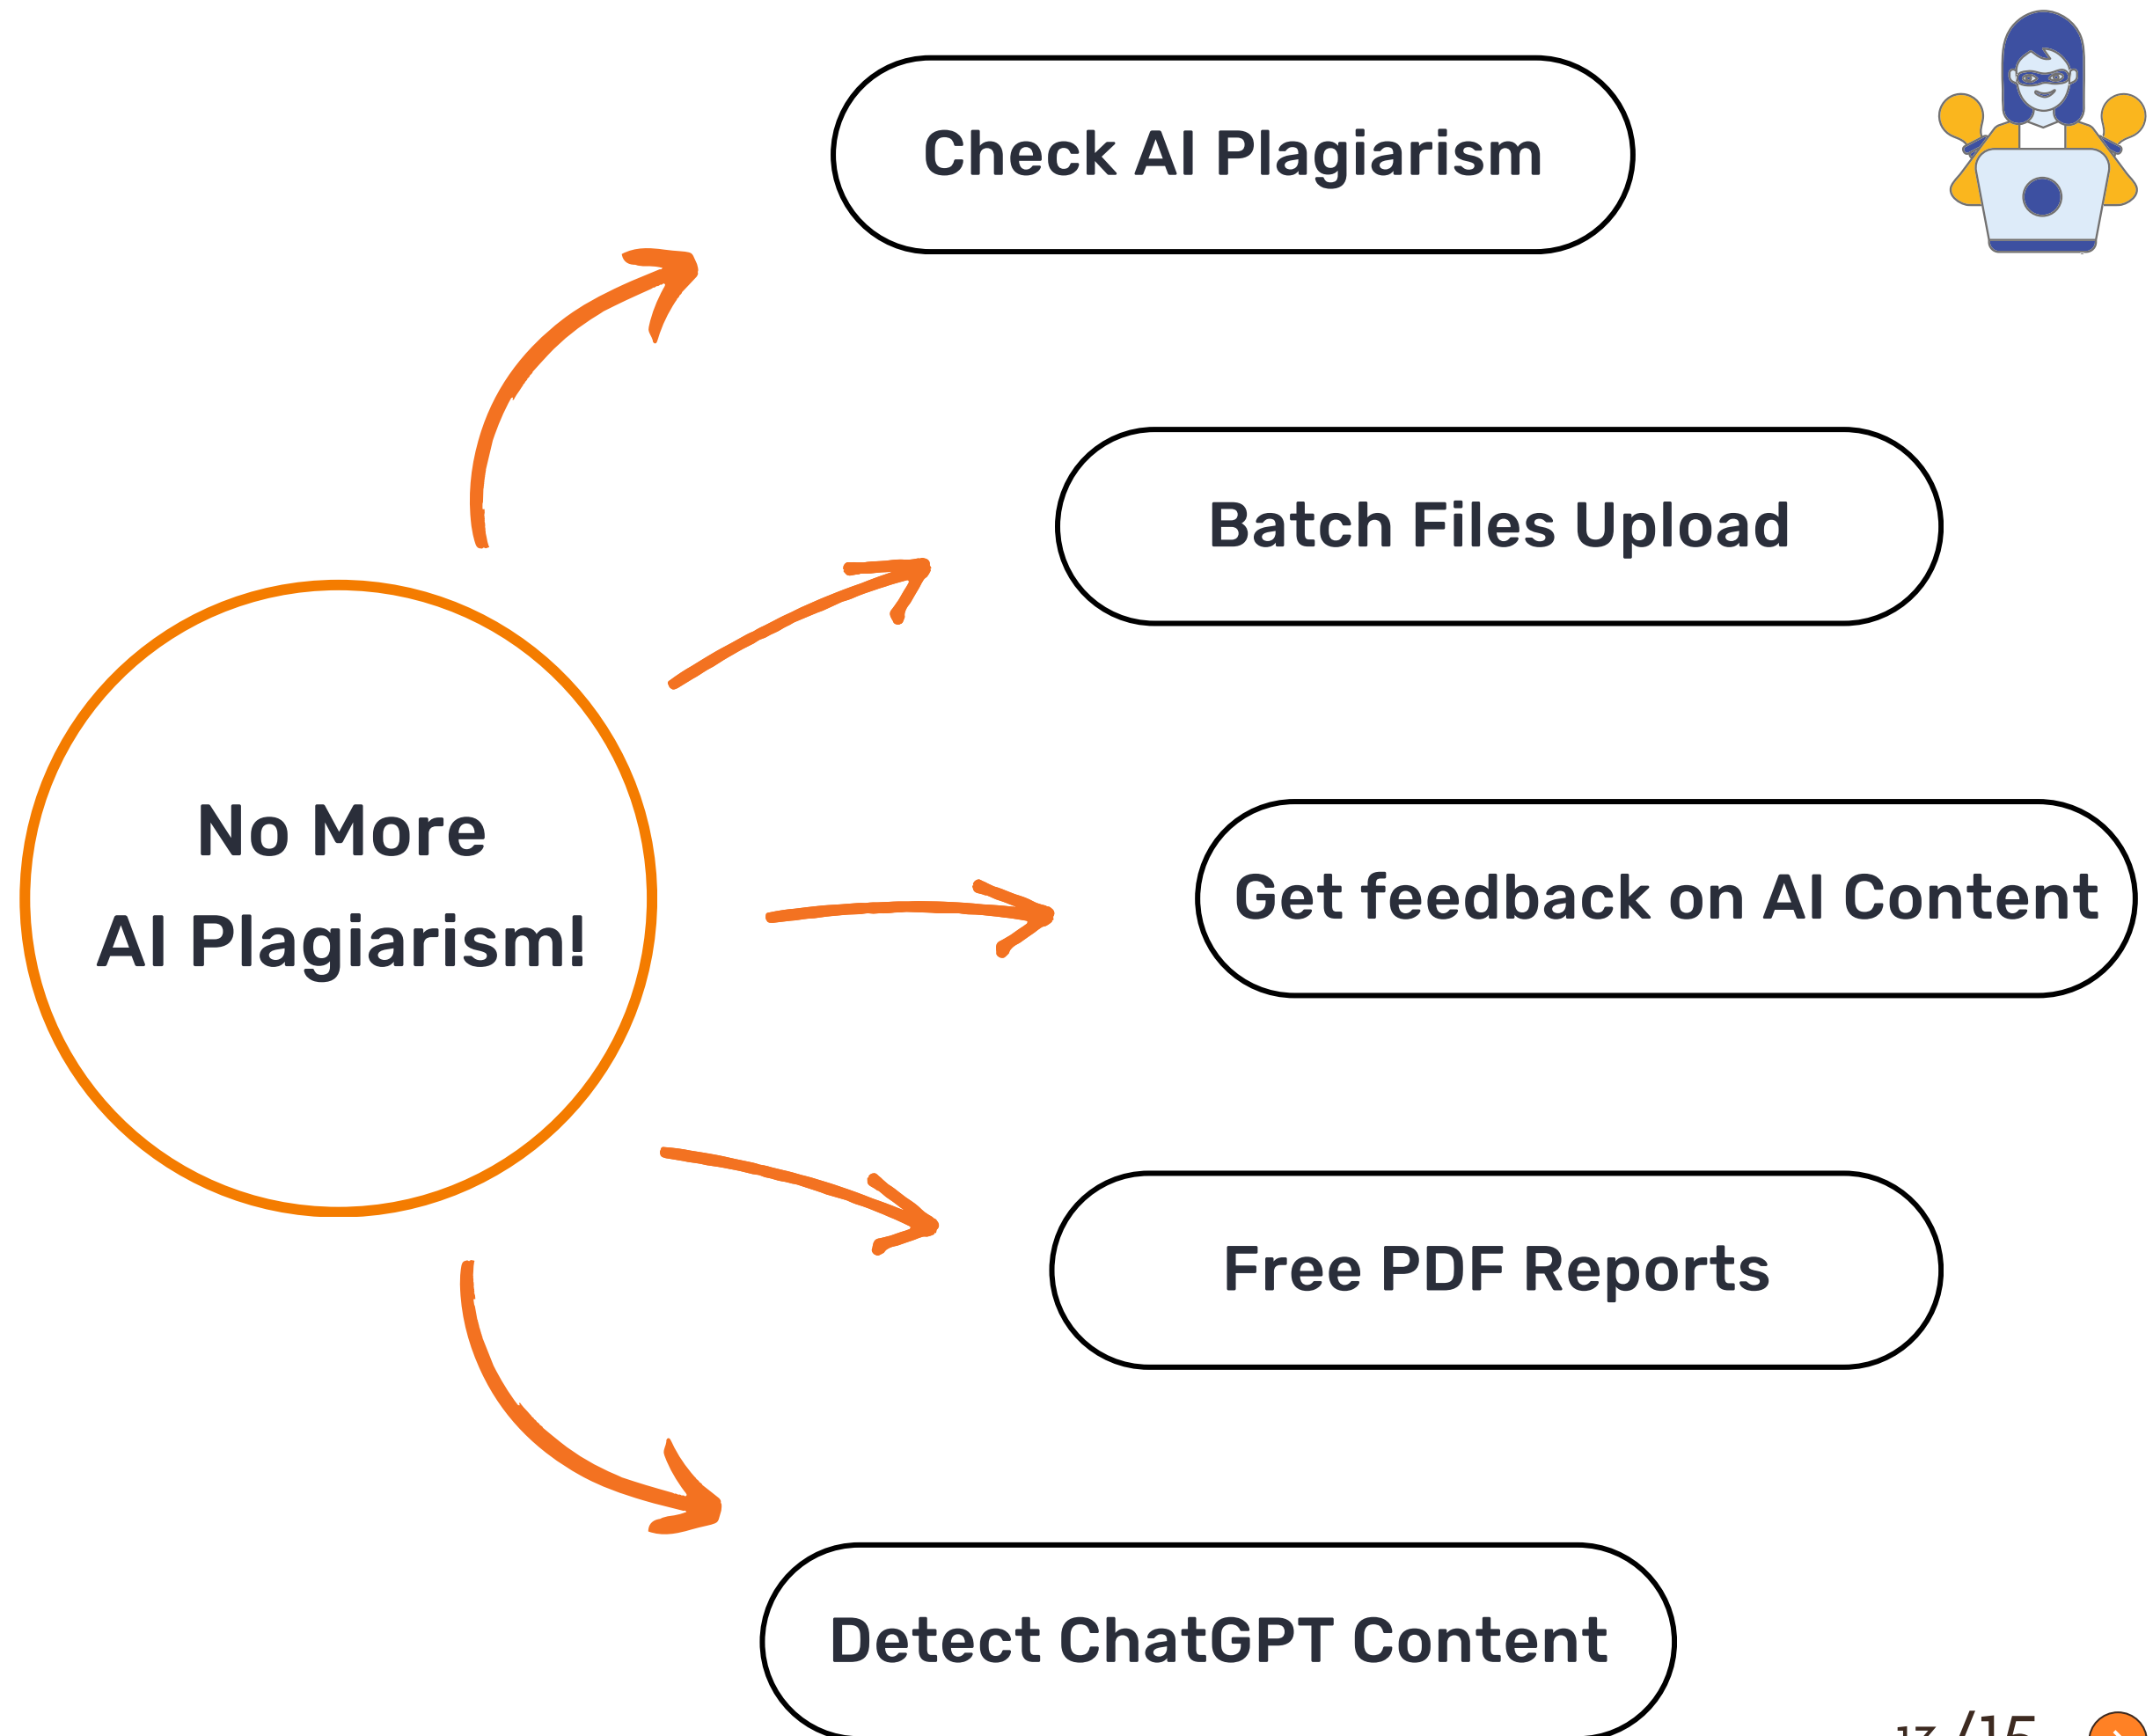

Please create a lesson plan for Teaching a lesson: {Behavioural sciences} to {College} grade students.

ZeroGPT

ZeroGPT.com is an AI-powered tool that can help teachers detect plagiarism and other forms of content duplication.
